

## **A2+ Agreement** **WL-P2P Program**

To: Students in the WL-P2P program identified as “A2” proficiency or above  
From: Brad Martin, Language Coach and Testing/Certification Coordinator

You have been identified as having acquired A2 proficiency or above in your chosen target language for the World Language - Pathways to Proficiency program. This is based on preliminary informal assessments. You will be expected to attend all in-person meetings and participate in the journaling process to fulfill course requirements. Efforts will be made to accommodate your higher proficiency by collaborating with you on selecting and adapting appropriate content materials for your level.

Additionally, you will agree to the following two requirements specific to A2+ students only:

1. Take the Avant STAMP 4s test in your target language a week before the testing window for A1 students begins. Refer to the pertinent calendar for this, but generally, it will fall on “Week 10” of the semester toward the end of March.
2. Apply for the “Global Seal of Biliteracy” contingent on scoring at least “A2” (CEFR scale) (5.00 average on the ACTFL scale) on the STAMP 4s. Information about the applying can be found at [www.theglobalseal.com](http://www.theglobalseal.com)  
If eligible to apply, application for the Global Seal will count as two weekly grades in the course average.

### **Agreement**

I agree to the “A2+” identification and modified curriculum. I also agree to take the STAMP 4s test in Week 10 of the current semester and apply for the Global Seal of Biliteracy, contingent on scoring an average of 5.00 (Avant composite score) on the STAMP 4s before the end of the semester.
